HOW TO HAVE MORE FUN ON THE FARM

We are revving up for some farm fresh fun at the West Baton Rouge Museum! A boot scootin' good time awaits for boys and girls ages 6-12 at our twenty-third annual summer history camp program. Museum staff, visiting artists and other special guests will teach campers about work, play and farm family traditions. Activities include playing vintage games, making crafts to keep, and performing old fashioned chores. Campers will examine artifacts to learn how the inventive spirit of farmers led to great innovations that made work easier. The problem solving skills of early American farmers led the way to the comforts of modern technology that we enjoy today. Ever wonder how we came from carriages to cars, plows to tractors, and washboards to washing machines? Who is Leonard Julian and John Deere? When it comes to tractors, do you prefer Big Red or Green? Find out as we till up the past to learn how these seeds of change came about to make work easier and make more time for fun! That is, of course after campers tinker around to try to solve a few farm challenges on their own! The week wraps up with an old fashioned Ice Cream Social.

Space is limited! Advanced, paid registration required.

Sorry, No Refunds.

Bring a Bag Lunch! Snacks and drinks provided daily.

West Baton Rouge Museum's Blast from the Past Summer History Camp

Please Fill Out All 4 (four) Forms

#1 Form
